

Julie Moran

Julie Moran is currently the Trinity Information Services Division Director of Southeast Michigan for Trinity Health. Trinity Health is the fourth-largest Catholic health system in the United States encompassing 47 hospitals, 379 outpatient clinics/facilities, and numerous long-term care and senior housing communities across eight states.

Julie has over twenty five years of healthcare management experience in Hospital and Physician Practice Management settings. She has been employed with Trinity Health since 1998 in various information technology roles. In her current role, she provides information technology leadership and oversight for Trinity Health's southeast Michigan Ministry Organizations (7 hospitals, the Senior Living Communities Division, the Home Health Care Division) and the corporate office. Julie works with the executives within these organizations on developing new service strategies to meet the information technology needs of their business and clinical operations.

Julie is well versed in service level models, post merger integration, system consolidations, IT standards, policies and procedures, and managerial and operational models. She holds a Bachelor of Arts in Communications from American University and a Masters in Public Administration from the University of Michigan.
