

Bio for Toshiki Masaki

SEMHIE Related

- Initiated with GM in January 2005, 3-auto study of employers role in promoting HIT adoption – this process served a venue to start the discussion of HIE initiative in Southeast Michigan.
- One of three participants (with Marsha Manning and Emmanuel Curry) of the initiative since the conception in December 2005. Key contributions include:
 - Coordination of Mission and Vision statements formulation.
 - Participation in planning stage host evaluation.
- Coordinated creation of Planning Stage detailed work plan prior to awarding of the State grant.
- Treasurer of SEMHIE Interim Governance Committee.
- Participating in Business Planning and Governance workgroups.

HIT Related

- Appointed by Governor Granholm to Michigan HIT Commission as Employer Representative (August 2007); voted by the Commission as the Vice Chair (January 2008). Also serving on MiHIN Resource Center Advisory Board.
- Served on MiHIN Steering Committee, which drafted "MiHIN Conduit to Care Recommendation".
- Co-chairing e-Health Initiative's (eHI) Consensus Legislation "Aligning Incentives and Financing" work-stream.

General

- Ford Government Affairs Public Policy Managers on issues including health care since April 2001.
- Have been with Ford Motor Company since March 1988, working primarily in vehicle design and development but also in Finance and Purchasing.
